HEADMASTER'S MESSAGE

Each year, I have the opportunity to write this column about the school year. Without a doubt, this has been a year of phenomenal accomplishment.

Let me deal with the tremendous successes of the graduating class - I may list but a few: Wojciech, 1st place finish in Science Fair, Steve Bourne first in Canada, American Mathematics Competition, phenomenal debating results via Paul, Nadia, Mohammed, Wojciech et al . . . Then all that is supported by superb athletic results: hockey, skiing, basketball, football and volleyball - some twenty-seven teams in all. School closing was a very special

event, in a new setting and with 102 graduates, the largest-ever class. The occasion was one of celebration and bringing together Junior and Senior schools on this important occasion. There is no doubt that the quality and leadership of our graduates was exemplary. The foundation for the excellence of many of our graduates was established in Junior School several years ago.

Last, but not least, the school has taken that great stride forward with much improved facilities. The new building has received accolades from all members of the community. The New Junior School, specially designed to meet particular needs is excellent. The Senior School will enjoy much needed extra space, including impressive computer, physics and chemistry labs. The Beqaj Business and Economic Centre is a wonderful facility and the Molson Library and Resource Centre is, indeed, awesome! We eagerly look forward to the new Performing Arts Theatre.

Truly, this has been a year of wonderful progress. All this has been possible because of the support of all the members of our community - faculty, students, parents, friends and board members. The coming together of the Ashbury community to support the drive for new Endowed Funds and Building has been tremendous.

But, let this not diminish the achievements of our graduating class. The class of 1995 will long be remembered for its excellence. As the graduates go out into a demanding and challenging world, firm roots and strong wings will be essential if each individual is to meet the challenges of the next millennium with confidence and success.

To all our graduates, I wish success and fulfillment and, also, that they will retain a positive association with Ashbury as Alumni of the Class of 1995.

Headmaster

SATURDAY, APRIL 11TH, 1987

PLEASE WRITE AN ESSAY ON THE FOLLOWING
TOPIC:
"WHY I WOULD LIKE TO GO TO ASHBURY".
(125-150 words).

MIKE SULLIVAN

Apr 11/87

I would like to go to Ashbury because of the education and the sports. And Ashbury looks like an exciting school. So far I can see Ashbury has a nice staff and nice kids. Ashbury is very different from my school and Ashbury seems like a chance of a lifetime. When I was shown around I was amazed at the facilities such as the Chapel, cafeteria and the outdoor facilities such as the rink, the soccer field etc. I think I will enjoy Ashbury.

VI Age on September 1, 1987

VII Height

4' 7"

VIII Weight

73 lbs.

He enjoys the program but can at times be an intimidating influence on the class.

79

Apart from a tendency to be easily distracted, he has had a good term and has made progress.

Michael has clearly finished the year well and has clearly gained ground in these subjects. Normally a sensible and cooperative student he began to show some signs of a more frivolous attitude. Unfortunately if this were to continue.

Dear Mr. and Mrs. Sullivan,

I am pleased to report that the results of Michael's entrance tests were excellent. Consequently, we are happy to offer him a place as a Day Boy in Grade 6, commencing in September 1987.

Michael is making good progress in all areas of the course. At times he should demonstrate a little more confidence.

no obvious learning problems. Well behaved. good hand writing. could do grammar. OK

ASHBURY CHAPEL

Chapel begins our day as a college four mornings a week with a brief service. It is a place where one is reminded that we are not only individuals but also, that together we make a community. Further, it is a sanctuary of quiet during the rush and 'noise' of life in modern society.

It is my hope as your chaplain that chapel is also a place where ideas about being human and faith are given a different perspective from that which is often presented in the 'media culture' of our age. To illustrate, we grow up in a culture which enlightens us with the biological and psychological definitions of being human, but rarely does it effectively introduce us to the true beauty and complexity of our spiritual aspects.

But chapel is also a place where we can enjoy the gift of music, as brought to us by the skilled hand of Mr. Alan Thomas, our college organist, or by the gift of a student's musical talent.

With prayers . . .

Mr. Alan Thomas
Organist

JUNIOR BOYS SOCCER

The Junior Boys Soccer Team had a season of ups and downs. We finished with a record of three wins, four losses, and two ties. After last year's undefeated championship team, this was not that great; but considering we lost a lot of our last year's team to the senior soccer and football teams, it was not that bad after all! This year, we ended up not making the playoffs after a minor technicality in the league's system. On behalf of the team, I would like to thank Mr. Valentine for his time and patience while coaching us this season.

Dancing temptations, Spanish sensations. Jose 'Stinky Socks' Sanchez's quick feet, for our components tapped out defeat, mournfully his Ashbury soccer career is forever complete. Rodrigo 'Lover Lips' Diaz, with his over the head volleys dazzled the chiquitas. All paid tribute to the speed and finesse of goal scoring wizard Jessie Bowness. And on this team there was one of fantastic hair, to which no man, woman, child, or beast has yet to compare (Sebastian 'Super Fuzzy' Armand). Francois 'Pink Panther' Lemieux; en effort il a toujours contribué le plus. Michael "Gwapa" Nicolini was an offensive and defensive barrage, road trip companion extraordinaire, he gave a talented massage. The cries of the church boy rang loud, and of Jason 'Church Boy' Higginson's playing any mother would be proud. And to our coach, so easy and appealing to approach: we send our thanks, even Angus, Antoine, and others from previous ranks, for the famous Scottish lines and the many great times. Last, but not least, we thank the drivers of the "Green Beast". Mr. Gray with his hair, for any soccer player has always been there, and to Mr. Anderson and his golfing so keen, we send him our highest heart felt esteem. God bless his clubs. As captain for the past two years, and a member of the Ashbury Soccer Programme, I have to understand and appreciate many things about the school and the people in it. Thanks Mr. Gray, Mark, Churchboy, Angus, Antoine, and Jose.

The Junior Football team had an extremely eventful and memorable season this year. This season has been considered as a 'building' year since the Junior Football team can only get better next fall. We started the season against Confederation; then played Glebe, St. Peters, Gloucester, St. Matthew's and finally St. Pius. We were outsized and outplayed in most of our games, but the defence successfully kept every time under 50 points! Unfortunately, the offence was not as productive. We would like to thank Mr. Stableford and Mr. Gray for their time and extreme patience.

Confederation	Ashbury	12:0
Glebe	Ashbury	23:0
St. Peter's	Ashbury	45:0
Gloucester	Ashbury	28:0
St. Matthew's	Ashbury	21:0

The Senior Football season came to a disappointing end on November 11 at Minto Field. While most of the school was enjoying the beginning of the long weekend, the football players were engaged in a battle with the Sir Wilfried Laurier Lancers. The team played with a lack of desire and, consequently, lost the championship game. However, there were a number of positive moments leading to the final. Just days before, the team destroyed Confederation on their home field. It was our first win over the cardinals ever. Solid victories against Sir Wilfried Laurier and St. Mark's at home provided the team with a sense of accomplishment. Our success can be attributed to our dedicated coaching staff. Mr. Ken Guarisco, Mr. Trevor Haynes volunteered their time along with old boys Bobby Spencer and Joe Morissette. Thanks to Mr. Gray for putting up with us and special thanks to head coach Ian Deakin, our hero. Also: Thank you to the Fans!

SENIOR FOOTBALL

TENNIS TEAM

The most successful athletic team in modern Ashbury history, the tennis team continued their tradition of winning in 1994. Led by Coach Christopher A. Mercer III, a former Ashbury student, and co-captains Jessica Hanna and Mike Sullivan, the Tennis Team won yet another city championship. This marks the fourth city championship in five years; the only flaw being a second place finish by one point in 1992. The A division team, after completing a disappointing season, turned things around on a cold morning in early November in the city finals. Jimmy Yang and Jon Lee capped off their second consecutive undefeated season play, while compiling an incredible 19-1 record, and earned a spot in their city championship. When the drive for five in 1995 begins in September, the team will be left without the services of departing players Christian Lehwald, Heather Breen, Jessica Hanna and Mike Sullivan. The graduates of the team wish next year's version every success.

SENIOR BOYS VOLLEYBALL

We had a terrific season . . . we won a match. Doesn't sound like much, you say? Well, to put it into perspective, no Ashbury Senior Boys team had ever managed to do that in the past. So of course we were on a high after that victory over Nepean. Well - things didn't quite work out as nicely after our first win. We lost our remaining eight matches and finished 2nd last place. But that fact cannot begin to sum up our year. We won a number of games in tournaments and improved remarkably during the season. Highlights included: Baxter kicking a ball at the ref, Ted crying a lot, excellent leadership ("the fans are . . ."), Mr. Miedema bashing his skull with his dumb binder, Ogie's extremely focused play during home games, Zach Wells getting on the court, Brad's following of little girls, Stubb's deep respect for referees and opposing teams, Vram's vision as a linesman, "I'm gonna WHALE!", Duncan's even temper, and Mr. Mousseau's famous line: Go up like Jon - with NO FEAR!!!

This year's team was full of cookies and full of promise. The practices were long and frustrating, but we all seemed to get the hang of it sooner or later. Our first game against Samuel Genest was a great booster for the team's confidence. We lost by only one point and showed that we needed to practise a little more. Our next game was also a great improvement. The "Shellacking" of Woodroffe was to show how well we could play together. After a few hard losses and a few wins, we ended up placing fifth in the division (No playoffs for us!). Blue cactus there we come! Thanks to the coaches and thanks for a great season, guys!

Andrea: The precision and repetition of passing the basketball to the top of the key does not always work, sooner or later a defender comes along. **Lee J "T":** Oh no! My first technical. **Ma'ayan (M@'a^y * an?):** Hey, that's not Mr. Sparks driving the green bus!!! Sylvia? **Kathy:** The little red pull & peel men would not stop swarming around her empty mugs. **K.(lepto) Starr:** Excuse me, have any of you seen the sign from Denny's, the fork from the Banquet, the pitcher from Pizza Hut, the marker from the Library, the napkin dispenser from DQ, the tomato and silver napkin ring from Casa D'oro or the menu from Leo's Pancake House? **C.D. "ROM"key:** Rowdy Romkey starts a fight with the raging blond bull from Brockville. **Sly:** Hey Dean, have you seen Lake Superior lately? Well, look over there . . . **Jill:** "We're calling from the motel . . . hotel . . . lodge what have you, we would like to order some wings and things." **Jiggers:** Go Nads! **Deanah:** (Hey Kerry, are you warm enough down there?) **Asst. Coach Mr. Service:** Call me Mark, guys. Can anyone say "Group Hug"?

Many thanks to Mr. Sparks for three great years of basketball. We laughed a lot, we learned even more, and occasionally we lost. Our three short seasons together will never be forgotten, your dedication was much appreciated. **GOOD LUCK NEXT YEAR GIRLS!**

JUNIOR BOYS BASKETBALL

First Row: Josh Gray, Gavin Reid, Jamie Clarke, Nick Seppala, Dino Chang, Patton Holliday.
Second Row: Mr. Gray, Thomas Buckley, John Bethune, Jonathan Schow, Sean McDonald-Curley, Jon Ages, Matthew Baxter, Christopher DeJesus.

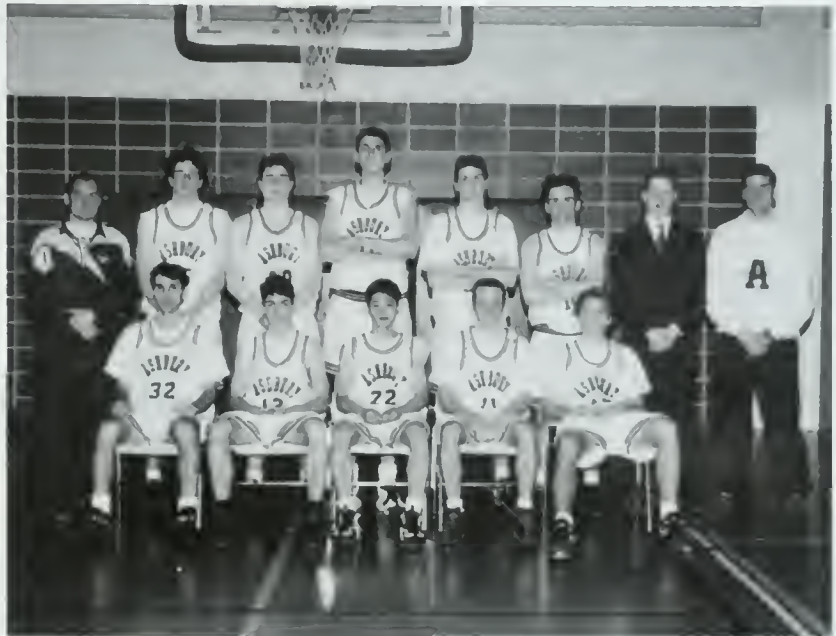

The Junior boys basketball team made the most of their short season. Plagued with a roster of injured players the team just couldn't make it into the play-offs. Even with the player shortage the team would not give up. Unfortunately, the number of close games we lost was too great. So to the players of next season, have fun and remember **"Life is short, play hard."**

The 1995 Alpine Ski Team included J. Boyce, O. Kane, A. Beltran, D. Walsh, B. Estabrooks, J. Ages, V. Smith, A. Kucey, M. Kucey, H. Breen, N. Bournes, M. Steinberg. These people were all part of a very successful 1995 season which included a second overall placing at the Ottawa Ski Meet and then a first overall victory at the Ottawa-Carlton Ski Meet where they brought home the prestigious Tommy trophy for the third year in a row. The team would like to thank Mr. Anderson for driving the bus and Mrs. Denison for her positive attitude and excellent coaching skills.

CURLING

This year's curling season shall be remembered forever in the halls of Ashbury College for its magnificent successes and incredible turnout (both fans and players). A notable quadrupling in size created an overcrowded group of three teams competing in the Ottawa league; but on a high note, the 20 students attracted many fans to the game: A special thanks to our first fan, Mr. Miedema. Unfortunately, the fun ended with my placing third in Ottawa having competed in the 'A' division finals (a feat never accomplished by previous Ashbury teams). From the team, a warm thank you to Mr. Meaker who was always there to encourage us to win and to learn from our losses. Our success is a reflection of his continued devotion. To the team, thanks for making this year the best in Ashbury Curling History.

The Junior Girls Volleyball team had an unbelievable season, unexpectedly finishing 4th in Tier I. After a long six weeks of only practicing, there was some fear of actually playing league games. However, once we started, we gained confidence and had an amazing time together as a team. Even though our tournament in Toronto wasn't as successful as we hoped, our spirit gained us the respect of other teams at Holy Trinity. We also played a game against the refs during the lunch break of that day and almost won! We'll never forget shmucking, camp stories, songs to and from games in the cruise mobile, the train ride home from Toronto, FOOD, our water bottles, and beating the Tier I champions of last year in our quarter final game. We'll also never stop trying to FREE JOHNNY WILSON!

Hey Ashbury A's, How many bottles of champagne in a magnum? . . . 7?!? What is a lacrosse ball made from? Down By The Bay . . . And for the winners, 2 for 1 dinners at Samuels Restaurant. Go Nads, Connelly, K. Starr, Charlene, Courts, Andrea, Leigh-J.T., Lauren, Jesus, Lizard and Becks - Storey time with Mr. Mousseau. The Senior girls volleyball team had a very eventful season and I can truly say that from my three years of Ashbury volleyball, this year proved to be the one with the most determination and excellent team spirit. Finally, on behalf of the team, Thank you Mr. Mousseau, Judy, little Caleb and Mr. Miedema for all your patience and support!

Junior boys volleyball enjoyed a rebirth this year after being absent for seven years in the school athletic program. The team finished 8th in Tier I play but missed quarter finals playoff action when the top team was given a bye. They won the silver medal at St. Pius tournament losing two games to one against Holy Trinity in a close and exciting final.

Hockey at Ashbury has undergone a metamorphosis over the past decade. I recall the days when the team would step on the ice, game after game, and be the victims of scores that would put most high school football teams to shame. As the years went on we acquired skills and new faces and by 1995 we had back-to-back City Championships under our belts. Our victory this year is most memorable because it was not a result of a few individual efforts, every single member of this team knows exactly what he did to help us win. Andrew Riff was steadfast between the pipes, rookies like Alan Smellie and Kevin Sullivan collected more points than most of the veterans; Oliver Kane and Jaime Boyce stood strong along the blue line; Mike Sullivan was the locker room preacher, and Bo Rothstein led the team in goals mainly due to his 20 minute slapshots! Jason and I would like to thank the team for a memorable season, it is not often that great things come in twos. Most of all we would like to thank Mr. Grainger for his unyielding support and advice over the past five years: We've come a long way, thanks coach!

This year the Junior Girls Soccer season was fabulous. The girls excelled in many new skills and plays while making it to the semi-finals. In a hard over-time loss we left the field knowing we had tried our best and gave it all our effort. It was a tremendous year for the team. As the returning players know since last year we have improved and gained a few skilled rookies. Thanks go out to Mr. Valentine for his great coaching skills and our mascot Scott! A well played season girls!

The Junior Rugby team had a most successful, if not, amazing season. We started the season being written off by most teams, but through the patient, nurturing learning atmosphere our coaches (Patch & Jason) presented to us, we became an extremely skilled club, that did out-technique every team in our league! Our forwards dominated the larger, opposing packs, and our stellar backs ran circles around/through the competition! The many three year juniors (too many to single out) had help in the ranks from some of the teams younger players, these future stars were: The Monster (Duncan), Chris, Reid, Mike, Nick, Alex and Noah. Our club had one blemish in our near undefeated season, we lost on the last day of the regular season, however we did find ourselves in the city finals against those institute boys from Nepean. (We lost this game due to the fact that the ref. {Ken} had an undying loyalty to the other team.) We would like to thank the staff at 'The Blue Cactus' for hosting our court proceedings (and the food), Mr. Gray for his organizational mastery, the Holy, Auspicious 'Rafiki' Pog and we would especially like to thank our coaches for a great season . . . but they will probably never read this.

Shadow

Light hits the grass
Shadows, streams of color
Fall gently on her lips
They brush her spirit
Unknowingly to the crowd
Stepping out of bounds
Through lines
Steel barriers
Echoes of speech
Filter through the rust
Spiraling red beams
Pushing her back as she
Steps forward
Walking hesitantly
Grasping nothing
She stands to reason
Her lips frozen against
A Free World

And nothing surrounds the estate of Being
And she feels the silence
And tries to smile
Through streaks of pain
No battle there to be won
No struggle to be lost.

Voices surround her heart and
Strangle the red in the fire
Light explodes but
Nothing is felt.
She tries to grasp at the shadows
Reappearing before her eyes
She holds on she screams she tries
She loves she fights she cries
She wins she loses she dies.
And the lights flicker on through the darkness.

The Mole We Are Together

Doc's Chemistry student - James Cole,
In class, learned all about the mole,
Previously he'd thought -
But it turned out for naught
That it is a brown furry creature which
lived in a hole.

He got the abbreviation quite straight
That mole is actually "Gram Molecular Weight"
Applied to atoms, molecules are ions
But of course not to lions
And a mole of french fries is simply
gross (etate)!

Instead of counting sheep to slumber
He was told "try Avogadro's Number".
Then all around could be heard
 6.023×10^{23} , 6.023×10^{23} ...
Followed by
Oh James Cole! James Cole!
Put some wood in the hole -
You can get it from Beaver Lumber!

Dr. D.E. Hopkins

(With apologies to all the poets before me and the students and Lumberyards I have omitted.)

They tell the waiter their house was
Torn to shreds by a machine
They need a place to stay

The waiter gives them another billion dollars

The waiter is bleeding and dying
But they still sit there, bloated,

I'll tell you about my early years - I mean 1, 2 and 3
My roots environmental, and of course heredity,
When I was born, the doctor gaped in awe, and quickly said:
"This child is perfect", but accidentally dropped me on my head.
I'm feeling fine; no headaches now, and my brain's recovered since;
But small round men with stethoscopes sometimes make me wince.
When I was only three years old, I robbed the Bank of Montreal;
The cops were hot upon my trail, but I let my sister take the fall.
As you can see from my youthful crime, I am a worldly guy,
To cities three thousand miles away, I still routinely fly.
This exposure to cultures far and wide has been to my advantage;
Dans le monde entier, Je suis l'homme qui est le plus sage.
In Switzerland they honour me for my great intelligence:
For my wit in Brazil; my honesty in Peru; and in France my elegance.
On tiny Palau Island they elected me a god;
But there are no perks, so next year I'll give someone else the nod.
I'm ruthless, talented, and smart: I'm sure you are impressed;
I'd tell you more, but I'm a tad too shy, and entirely too modest.

Fisherman's Song

The Oceans swallowed them whole
 They were pulled down into crystal depths.
 Perhaps a bone-clean skeleton shall float up, perhaps
 There is no next day's catch for them
 But tomorrow another will be lost
 And on the island widows clad in black
 Wait by the shore for skeletons to come home.

COMMUNITY SERVICE

Hats off to all Ashbury students who worked on their Community Service requirements this year! We all had fun contributing to various activities - The Shepherds of Good Hope, Elisabeth Bruyere Centre, Island Lodge, Manor and Rockliffe Park Public Schools, Skiing for the Disabled, seasonal activities and personal options. All in all, those thirty hours (or fifty for I.B. students) were well spent - we all came out understanding a bit more about people whose lives vary greatly from ours.

SCHOOL TRIPS

ASHBURY/ASAGO EXCHANGE

The 1994-95 Ashbury-Asago exchange program recently took place at our school from September 26th to October 2nd. Eight students and four teachers from Japan stayed in the homes of Ashbury day students and staff for six days. The purpose was for students to create new friendships and broaden their horizons about one another's culture. The Japanese delegation went sightseeing for the first three days; they visited the Parliament Buildings, the National Art Gallery of Canada, watched an IMAX film at the Museum of Civilisation, an NHL exhibition hockey game at the Montreal Forum, and spent a day in Gatineau Park, canoeing and enjoying the outdoors. Families met together for an enjoyable Farewell Dinner Party at Ashbury where there was traditional Japanese dancing and presentations made between teachers. Homestay families also took their visitors souvenir shopping, bowling, to the movies, and for a night at Laserquest.

It was a wonderful week, a great experience, and a chance to learn about the Japanese culture. I'd like to thank the families for their gallant effort and warm hospitality; to Mr. Napier, Mr. Sikora, Mrs. Varley, Ms. Lewicki, and others who aided in making this visit a smooth and enjoyable success.

NEW YORK TRIP

From November 10th to the 13th, a group of students headed for Manhattan Island. Under the capable guidance of Ms. Novick, Head of History, another trip to New York was underway. The eight-hour bus journey came to an end as the familiar Manhattan skyline loomed into sight. After one hour in the Lincoln Tunnel, during which there were momentary feelings of despair, the bus dropped its enthusiastic company of tourists off at the Howard Johnson hotel. The following two days of touring included the usual Big Apple sites: the Empire State Building, the UN, the South Street Seaport, a shopper's feast, and the World Trade Centre, which afforded everyone a magnificent view of the city on a clear sunny day. The Ellis Island Museum, which is state of the art museology, was one of the highlights of this historical tour. Students and teachers alike were impressed with the way in which the history of immigration was depicted. *Guys and Dolls* provided some light entertainment and, of course, eating in New York is always a pleasure, unless, of course, you become mired, as some did, in the all too readily available McDonalds.

As the bus pulled out to go home, after a delightful ramble around Central Park, the exhausted but happy travelers waved goodbye to the city and turned their heads northwards.

Bronze Level Canoeing

Once again the call of the wild has lured Ashbury's campers and explorers into the jaws of Hell . . . er, Nature. For many, Outdoor Education has become not only a weekly event, but also a way of life, which satiates their appetite for adventure.

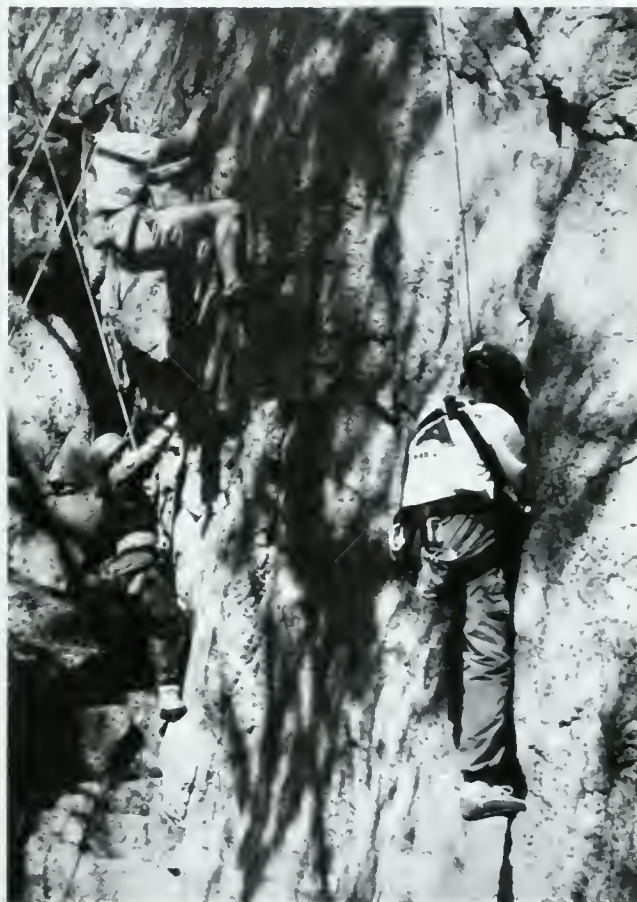

Outdoor Education has seen over the past several years the birth of many traditions; we recall fondly the Yellow Box of Fun blaring "Pass the Dutchie", amongst other "rockin'-jammin' tunes". The rocking of the Green Bomb only added to the experience.

The camaraderie and good-natured endurance of the participants has ensured the perpetual success of this programme, as has the dedication and organizing skills of Mr. Landry, supplemented by other faculty and Ashbury Alumni.

This year the veritable plethora of hiking, canoeing, solo camping, and climbing trips has continued the tradition of self-discovery and co-existence with Nature. The photos on these pages are enduring records of the fun and adventure we experienced on each trip.

UNITED NATIONS CONFERENCE

Ashbury College celebrated the United Nation's 50th Anniversary by organizing a UN Conference. Presentations included a video, Mike Pearson's keynote speech, and discussions by special guests including Mike Duffy. The Conference was a great success, teaching the students about the UN's history, and its vital role in the world today. Its success was a tribute to the hard work of Ms. Novick and the student organizing committee.

DEBATING SOCIETY

The Ashbury College Debating Society enjoyed great success this year. The first tournament in Halifax was attended by Wojtek Giziewicz, Tamara Winn, and Paul Zambonini, where they placed 8th as a team. Bo Rothstein and Talia Caron won the Nepean Beginner's Debate Tournament. McGill University saw Paul and Wojtek place 2nd. Several weeks after that, Poutine team (Mohammed Shamji and his Lisgar Partner) placed 1st in the Nepean High School Open Debating Tournament, and Nicholas Kellett and Bo Rothstein placed 3rd as a team; Mohammed placed 2nd overall and Gina Bassett and Nicholas both placed in the top 10. At Lisgar Collegiate Poutine beat another Ashbury team - Nicholas Kellett and Andre Cousineau. Mohammed placed 1st, Wojtek placed 2nd, Gina placed 3rd, and Nick and Andre both placed in the top 10. At Glebe, Gina placed 6th, Kevin Massie earned a 7th place, and Tamara placed 10th. At Queen's University Poutine placed second. Nicholas earned an incredible 4th place finish individually, Mohammed placed 5th, and Gina placed 9th out of some 180 people. 4 students qualified for the provincial seminar in the English, French, and Bilingual categories.

Above: U of O French Regionals

It will be attended by Nadia Gandhi, Wojtek Giziewicz (who won the French and Bilingual Regionals), Mohammed Shamji (who placed 2nd in the Bilingual Regionals, and 4th in the French), and Paul Zambonini (who placed 6th at the English Regionals). From Grade 9, Kevin Massie, paired with Andrew Mason, placed 2nd at a Junior Provincial Debating Tournament and qualified for the National team at the Junior Debating Championships. Meenal Puranik, Mansi Kothari, Katherine Langford, Robert Pearson, and Andrew Mason also debated well at all tournaments.

LALIT AGGARWAL

Hate, hate your enemies
Save, save your friends
Find, find your place
Speak, speak the truth. - Kurt Cobain

In the beginning I thought that it would never end. Now that it is complete, it feels as though it never began. But it is not over. We have goals, we have dreams. Our dreams will inspire and propel us to success. A greater challenge lies in the quest for true happiness. It requires great effort to find yourself and be content with who you are. Coming to terms with reality is very difficult and often an awakening experience.

All in all is all we are.

SANJAY AGGARWAL

It's unbelievable, and exciting, to think that after 8 years I'm at the end of my life at Ashbury. I am grateful to the people I have gone to school with, teachers and students, and particularly my friends. It is the common points of humour/ seriousness that have made the sometimes difficult journey fun: treacherous homework checks, essayitis (me and many others), sleep deprivation, get-togethers, complaining about the I.B., apple pies, the Grad trip (vive le Cuba libre!), vicarious J. Springer/Seinfeld stories, defencing driving, smash the world, 'sulphurous blasts', finitude, the EE?, X files, Washington, Mock Elections obsession, communal lunches, International Day, and many more funny (and luckily offbeat) personalities/jokes/stories. Good luck to everyone and keep in touch.

NHON BARBEAU

Three years at Ash, a lifelong memory. First year: Made new friends and adapting to the school - My toughest year!. Second year: Fast-Tracking? Work? Where's the fun?? Third year: the scariest but most exciting year! University choices, marks, more work, discussions etc . . . So many things to be done! Is it X-mas Break yet? First, "Du Ma May!" then thanks to LIM, GOD, BON, MAT, LUK, C.HO, JER, JEAN, S.B., BOB, JOSIE, KATY, and others - you know who you are! To my lab-partner: A.R., Good luck and thank you! Thanks to all my teachers, especially Mr. Thomas for helping thru my University "PANIC", Ms. Kennedy for pushing me through "aerobics", Ms. Duggan for being there to listen to my problems and for being my friend, and Mr. Miedema for encouraging me through "CHEM"! "I love soccer", thanks to Mr. Grainger. A special thank you to my wonderful parents for supporting me thruout the years. I wouldn't have made it without you! Well, "C-YA" Everyone!. GINA BASSETT

Life here lasted only one year but it was a very full one. A new school, new uniform, new rules, and new friends, all added up to one large sum. Conflicts with roommates then resolved, after becoming friends, we had a ball. Talks 'till midnight about nothing particular but always referring to something extracurricular. Going "down the hill" or experiencing laundry day, while other weeks it seemed as though I had no time to play. Golf with Mr. Grainger or debating with Mo, my stress was often relieved by a lesson of Taekwondo. Thanks to all of my educational leaders and to everyone who took time to care. "Each one should test his own actions. Then he can take pride in himself without comparing himself to somebody else, for each one should carry his own load." Galatians 6:4 Love, Gina

My stay at Ashbury has been short but not without memories, I've learned a lot about myself and others during these past two years. Nhon, Katy, my best friends at Ashbury, you guys have made the last year of my life at Ashbury the best. I wouldn't have made it without you guys. Thanks for listening, teaching me a lot of things I've never learned in my entire life before. Budies, whenever you want a mood lightened, a story shared, anything, call me and I will be there for you, 'cause I will always, always, care. Good luck in the future. Luv forever.

KEVIN CHUI

Since I got to Canada, I have studied at Ashbury College for four years. In these four years, I saw many different things happen around the school and also to me! Most people are so fun and kind in this school and I feel like I am living with my family. Now, I look back to the first year I came here, I feel that I was so stupid! It may be because of my language problem or my attitude or that I am so quiet. But I still have had a lot of fun in these four years because I have made a lot of friends. I cannot write down all their names here because there is not enough space. But I thank them because they have brought me a lot of fun and kindness. And I have to say, "Thank you" to the teachers and the officers for helping and also those who make a nice and beautiful place for us to study. I do not want to leave the school so fast, but I have to start the other new life in my future. I won't forget my life in Ashbury. I will keep all the pictures and fun of this school in my memory.

ANDRE COUSINEAU

Not much room, better write short. I've spent two years here, one boarding, one not, so I got to see things from both sides. I've lost things and found things, the things I've lost are gone forever but the things I've found I'll keep just as long. I have no particular attachment to this school, it's just a building but when I'm gone I'll miss the people I've met and the friends I've made. Matt, thanx for listening to me. Mo, I never got to debate with you but you did help me steal Rob's car. Rob, sorry for stealing your car, Mo made me do it. Thanx to my teachers (particularly RJC, AN and HUS). I learned a lot here, I'll do my best to forget it all. I still have a lot of questions. I'll always have a lot of questions, but at least I'm sure of one thing - I'm not sure of anything. Not that I didn't enjoy it, but I never want to do this again. That's all. log-out.

SEAN DAVID

What I have learned in 3 years at Ashbury. Mr. Niles likes practical jokes. Hull kicks. Boarding rules! I like showering with other guys - not. I am the fool of late. I never get caught just ask MM (Doom during prep). Mike Stubbing follows the wrong crowd. Football is fun but rugby rules supreme. Don't part your hair to the side. Go snow-boarding for March break cuz it rules. Dave needs to learn to do math. Mr. W. can see right through you - and he does. The service in boarding is exceptional. Mr. Mousseau, can I have my stuff back? In event of fire, or just for fun, spray a fire extinguisher. Santa is too cool. Meiro and Mathieu are the messy ones, and so are Mike and Greg. Thanks to my friends on the outside: Joe, Lawrence, Bob, Moz and JP. Everybody wants Jon's hair. The eagle has landed. Thanks

TOM DAWSON

My life is the product of an overactive imagination. I find it hard to believe that I've spent half of my life (9 years) at Ashbury. I've grown 2.5 feet and gained about 100 pounds. But I suppose those are inconsequential to the fact that I've never gotten a detention. Yes, I know I've led an exciting life. I'm not capable of capturing in words how so many people here have made impacts on my life. You are all incredible and the distance that time puts between us will not make me forget you. Onwards. Much gratitude towards Mrs. J., CK, Super C., and Mr. Z. To those who remain, sing in chapel, it's fun. "All mortals are equal, It is not birth, but virtue, which makes them different. Love those who love you." - Voltaire.

NADYA DHALLA

Hola! We've all shared many good times and of course some bad, but one thing is certain, the times we've all shared have brought us together as the class of '95. To my special friend Anne: Earthquake! Bud Woman, La Perle de la Corse, Peel, little Michelle!? Don't want no short - -! Dominican - Mr. Green - hat man, Applauso! Nightly swims, Nads PLEASE COME BACK! Mr. Overalls, Hey roomie! 2 and FRO Wiggle Wiggle forever! Many thanks to Mr. Sparks and the basketball team - JIGGERS?? I'd like to order some wings and things, Clepto; to Mr. Mousseau and the volleyball team - GO NADS?! Bowl of Pressha! and especially to my friends, you know who you are. Don't be dismayed at goodbyes, a farewell is necessary before you can meet again, and meeting again is certain for those who are friends. Remember: Stay single, mingle and HAVE FUN! Adios.

MICHAEL DEROUIN

6 years at Ashbury, a long time, time to be spent by dunking heads, ripping pockets, hearing "lights out" and dodging footballs in the locker room and playing football, basketball and 3 man. A few thanks to the Olden family, John Labatts, Darcy Dancel (Nathaniel) myself and a few others to go "nuts". Thanks Monkey secret pocket always. Dominican: some sweet beverages pestos with Jason, crawlin' the floor, long Duck Pong, presidente, Dan Starr . . Really wish I could stay at Ashbury longer to really enjoy what it offers . . Yah right off to university I go. Good bye and good luck.

ALEXANDRE DESLAURIERS

Ashbury life = the bays, subways, Bighead, the great book, Red death, Tremblant, and the last night out, the themes, the us, playing cards in the common room, rage 10, the awakening, eternal love, and freedom of flying, Outdoor Head = Climbing, adrenalin, my first 10.1, solos and death, canoeing, "Do it now", the beasts, "I don't know, looks pretty tricky" "Can we stay just one more week please", Bighead's 6th symphony, Reggae night, legendary Bronze climbing '94, and ML Doncin N' Drivin. Thanks ML for opening our eyes (Nature is eternal). To mom, dad, Bernard, Isabelle, the ones loved, friends, and Alexandra Eyre (love never dies), thanks all for giving me a blast I would never change and a future which I look forward to.

RODRIGO DIAZ

Excuse me, eh, what?, yes I am Rodrigo, sorry, slowly please, eh, what?. The first days at Ashbury College were pretty bad, I could not speak or understand anything. But after six months, I can write this and say thanks to those who contributed to my struggle to learn this language, to my teachers (ID, DF, CD, BV, OV) and friends that I will never forget. In my grey cells I will keep all the fun moments that we had once, such it was in soccer or some trips., It was my first and last year, but, it was an important stage and I learned a lot. But, life goes on, my hands are tied to CD, and it is time to change the channel and look to the future, oh well, whatever, nevermind. Buena suerte to everyone and see you in the next worlds, 5, 4, 3, 2, 1, _____

DINO DI MARINO

Dino and I first crossed paths in grade nine. He was a chubby, unco-ordinated, innocent little boy. I have watched him develop into a handsome, lean, caring man this is not to say that does not have faults or that every moment of high school was a lesson in perfection. Take for example his Labour day experience at the Nabwanguis that was a repeat performance of that year's boat cruise. What about the time he was an MBA student styling the babes at Chateau Lafayette. Smashing his face and squealing as his hamstring was tearing added to his character, his character we have grown to love and will never forget. From one guy to another - drink pepsi. Lalit

ROBIN DURRETT

The three years that I've spent here were the best. So many memories so little space. "Hey rennan", The Great Robinil, Roby D, 'Washington '94, the rust-coloured beast, yo manager!, oh man that's leather, Simon, I'm so sorry. Then there was the Dominican. To much sambuca and flying don't mix, Dominican custome. No comprendo, the most expensive grad trip ever, floor crawl, Hey Rob! 100 pesos if you shoot this, doamn dos, watch out for these sewers, casino fever. Football 93-94, Rugby 94 M.I.P. I'd like to thank my parents for all their support and patience; I'd like to thank the following teachers K.D.N., T.M., A.N., and I.D.N. for their help along the way. Thanks to all my friends who helped me in good times and in bad. This last year has been the best as I've made many new friends and have had awesome times, which I will never forget. I would like to thank those who went to the Dominican for good times and some great memories.

A farewell is necessary before you can meet again and meeting again after moments or lifetimes is certain for those who are friends"

XAVIER FAN

After 8 full years at Ashbury, I think I have experienced almost all the possible variations and pronunciations of my name: "X-a-vi-er", "XA-vi-er", "X-man", just "X", among others. No matter. The voices who called my name helped made me who I am. In my time here, I have learned that friendship, like sleep, is a finite resource that should always be treasured. All my thanks to some special people: Tom, Nathaniel, Rob, Mike, Jamie, Steve, Andrew, Nick, Sujeet, Mo, Kara, Sanjay, Céline, Véronique, GRV, NJ, AN, EWZ, RJC, DEH, KDN, MEJ, LAT, GGT. To the Grads of '95 and all future Grads, good luck and all the best!

Thanks to KDN, RS, IHD, CCD, DS, DDL for always being there - yer the best! and to all my friends I love you all, best of luck in all you do, remember me cuz i'll remember you GUS, MP, DH, JN, RHJ, AG, JM, KM, KJ, DW, JH, TH, MS + everyone else, never stop partying. Anyways . . . xo - little black jessie

FREDRIK HANSON

As eight long years come to a close, I pause to reflect on some great memories. Grade 6: D + D with Mo, Zsolt, Spenny, MLTS; Grade 7: my philosophic breakdown, science fair flop; Grade 8 union espionage, when Big V forgot the tickets on band trip; Grade 9: "Fred, you've been spreadn' rumours about me!"; Grade 10: right-wing visions. "I might run the risk of being accused of pomposity"; Grade 11: Fred, the mad heraldic barbarian" - AK, Woody; Grade 12: determinism and metaphysics, end-of-the-world visions, 4 music groups, D.C trip, document questions?; Grade 13: Andres parties, weight training obsession, dominican: run and roulette, I.B?? . . . graduation. Indebted to KDN, DDL, LAT, FHH, HJR, JM, etc. Most of all I thank my friends for making these years bearable: Sanjay, Andre, Wojtek, Mo, Zambo, Nick, and many others.

Ashbury College: Eight years of pain, laughter, friends and countless memories. To those who have pained me, consider the past forgotten. To those who have made me laugh, a heartfelt thank you. Special thanks to Junior staff JHH, PMcL, GHS and senior staff KDN, HJR, IHD, RIG, EWZ, LT, GGT, MAP and Padre for your (always valued) support, encouragement, and sense of humour. To Rob, Paul, Christian, Sujeet, Andre, and Nick . . . cards anyone? Thanks guys, for being there almost always and for making life more bearable. Finally, I must thank many of you (both students and staff) for creating unforgettable memories: Senior Football (finals in '94), choir trips, Gold Canoeing, Rowing, St. Donat, Subway, Beavertails, too many house events, and countless get-togethers. Take care and be sure to keep in touch.

JASON HIGGINSON

7 years come, 7 years go and now I'm gone. Through the good and plenty of bad, I managed to manage. Memories I can't forget and people I won't forget. "Scott man, what's wrong". Three years at Ashbury have provided me with many laughs, good friends, and happy memories. Whether it was X-Country Skiing, New Year's in Montreal, building a motor, tipping a boat, locker room lunches, Lincoln's memorial, the Cat, airbands, LeBretton Flats, IB stress and complaints, four mermaids, 18th Birthday party and the surprise 19th, PC Smile, Lazer Quest phase - Steve preferred the median -, 'après-boat' '93 and '94, painting banners, explaining *italics*, Young and Conservative, fighting over music at 4:30am, running through the rain in Toronto or painting a house, my friends were always there. The years were filled with ups and downs, laughter and tears, meetings and fun times. Thank you to everyone - family, friends and staff who made it possible.

So they went off together. But wherever they go, and whatever happens to them on the way, in that enchanted place on the top of the Forest a little boy and his Bear will always be playing.

To all my friends at Ashbury

May the sun be ever at your back,

May the wind cool your heels,

May the rain fall upon your fields,

And until we meet again

May God hold you in the palm of his hand,

CARLINE KINDLE

MY SO-CALLED LIFE at Ashbury has been a learning experience . . . I got into the tradition of competing for marks, playing inter-house sports, going to DR. Many memories made along the way . . . fudgeos and guacamole, John Travolta, NYC, one DR shot of rum, mamajuana, no double dipping, locker room escapes, and a bathroom party. Thanks to all the CBers who stuck by me the whole time, letting me be the innocent Ashbury girl. I will never forget you and . . . 105 camping, trampoline, Dr. Mario, jealousy, cottage talks and paranoia, SPOD trip, boat cruise?, coffee to Mtl, and reading at Spectra. I will cherish Smugglers, Marco, Maine, Oconto, and the Maniac Mansion. One piece of advice: Beware of GERMS, they will always try to get you! I will miss the moments but treasure the memories - C. One of these days I'm going to sit down and write a long letter
To all the good friends I've known

I'm going to miss many things from my three years at Ashbury -- Going to karaoke with my friends, getting other people to do my homework, talking on the phone for 5 hours after bedtime, and dressing in a uniform equivalent to my regular clothes. Here are some things I learnt: Don't drink and drive to Ashbury (unless you want to have a chat with the OPP), there isn't any free parking near Ashbury, playing car games on my computer during prep isn't quite the same as the real thing. I'd miss you guys, but I'm actually straight. So good luck and Deo Lay Lo Mo Hail Thanks to the janitors, for keeping my room (and the lavatories) clean.

Grade 13??? or Grade 12??? only god knows - or 'Herr Trage' reasons for being a 5W for my one year at Ashbury: 11:00 p.m. - being roommate of Mr. Beethoven - read these quotes to understand why boarding is fun: Hey David, let's play the noise-game!! "Herr Trage, Herr Trage" Darcy open the . . . door!!! "I'm getting tired of you and your music" - Mr. Niles "Chris, Chris, wake up and get your snowboard it's chapel time (5:00a.m.) - Darce, the baby is crying" - to Darcy: thank for saving my butt so many times, I still owe you BIG TIME! to Freckles: just calm down - (as if) - (Ich liebe freckels) to Sean and Greg: hey let's check the common room - to David: thank for being my awesome roommate, bist du taub ich will schlafen to Jenny-Bear: say Wolfgang and awesome - miss you winke winke to Dr. Andrew: see ya in Berlin - to M. Sullivan: We could have made it, but we had too much "Germknödel" and "Wienerschnitzel" before the game ("you guys are not going to get . . . - coach) thank to: DC, GO, SD, STUBS, MM, R.S., III, JS, STUBS2, IE, DW, AW, NB, BC, ZW, JD - to everybody: uncombed hair rules!!! (WARNING: This writing shall not be taken seriously. It shall not offend anyone concerned.) O.K. Here I go! Lord have mercy. Where have you been all my life Baaby!! Yo, Yo, Yo. Here I go! Here I go again. Com' nah girl. Me wan' your body because you're sweet and you make me feel happy. Me wan' shake it up no more. Now you need to be real cool to be so. Ya need to get close, girl, close (see what I mean). Ya got to take control . . . Take me for example. (WARNING: This next part that follows is SERIOUSLY out of context) I love to dance. I strongly believe I will meet "my" girl one day and it will have something to do with it. (Details later). Therefore, I have an announcement to make, I really "Do" like to move it, Baby!! But anyway, I would say that dancing is one of the best ways to "Break the ice". So, when you "The Man" go looking out for chicks in a dance club, use these rules: 1. Have a great time, 2. Never say "No", always say "Yes", 3. Never give up, you will always succeed. Trust me! I thank my father and God for keeping me on the right track. Bye, to all of you.

Wenn Du vor mir stehst und mich ansiehst, was weißt Du von den Schmerzen, die in mir sind und was weiß ich von Deinen. Und wenn ich mich vor Dir hinwerfen würde und weinen und erzählen, was wüßtest Du von mir mehr als von der Hölle, wenn Dir jemand erzählt sie ist heiß und fürchterlich. Schon darum sollten wir Menschen voreinander so ehrfürchtig, so nachdenklich (. . .) stehen, wie vor dem Eingang zur Hölle.

If someone flips through this book in a hundred years and thinks to themselves "I guess everybody on this page is dead by now". I hope one of us is still around to prove them wrong. The letters M, T, J, N, C, X, S don't spell anything but I know you'll do just fine without it. I thank KDN, GRV, AN, NJ and RJC. My mind is in your debt.

Thanks to my friends for the good times, especially to Scott, Dino, Lalit, and Jessica. Finally, I would like to thank my Family: Mom, Dad, Matthew, Rebecca and Sarah for their love and support . . . Being at Ashbury for seven years has been quite the experience. Along the way I have encountered people that have helped me become a better person. To my friends who have inspired me during my long stay, I thank all of you. Also to some of the teachers who helped me during all those extra hours after class. There are specific things though that I will miss when I leave this place. Going out for lunch with friends and heading down to New Ed. most importantly. I'd like to thank my parents for all of the encouragement they have given me while I was here. Without them I couldn't have done it. You're by yourself now Mike, take it easy. Ciao!!

Ste. Anne. (the skiing was alright too), Mike M.'s streaking, Stubby's sarcastic demeanour, Nate Dog's superhuman - everything. RAJU RUPARELIA

It has been nine years and yet it seemed to go so quickly. For the most part I must say I had a blast. So many memories, so little space. Sports included Football, (so close, but yet so far), and Basketball, (pro-sprint under 30, oh! no too 24.04 slow). So many trips, can't describe. Dominican '95 (Rob, are you down there?) Special Thanks to R.I.G., K.D.N., A.J.S., H.J.R., and I.H.D. for being there at different times. Thanks, S.F., J.N., D.D., L.A., S.M., and J.R., the last five years have been great.

We've had fun.
We've had fights.
We've worked hard.
We've paid our dues.

We'll look ahead.
We'll laugh at the past.
We'll move on.

I'll never forget.

ANGELA RYAN

Another step on the journey and much was learned. Foo and the rest of Carleton House - thanks for putting up with Robbie. Adeglitter and fairy bells for you, mapping was fun. (I get the evil points!) Keep smiling Sonic! Bruises from my sunshine. Parties with lots of friends. Adios Eddie! Wiliim and Danny's caffeine and conversation. Mom & the 'crib'. Thank you to Mrs. Jowett for twisting my mind. Best of luck to all.

MIKE SACCO

A kid who's always at extremes, never sitting in the middle of any class or group, front and centre, or somewhere else where the attention, entertainment or tactical advantages lie. Whether it be reading text from "The Joy Of Sex" aloud, or occasionally pressing some ham on the window for passersby to enjoy, one begins to see the pattern of his spontaneous strategy take form. An expert in challenging of all sorts, everything catches the eye of this upside down activist. Life from his point of view is just one huge progression in an ever changing universe, in which he chooses in his own tiny portion of it, to live on the line, and what better way to learn than by pushing the limit, be it legal or social. My life here has been filled with the best people. Churchboy, Deanah, Jill, Dejan, Tyler, Sully, Bob Gray, Mrs. Jowett, Tyler, Mark Hearn, Antoine, Angus, Istvan, Chuck, Tom & Catt, Darcy, Dino, Meenal, Gwapa, and numerous others. Thank God for: soccer trips, M.S.'s, Mom, Tim, Colin, release from bed restrictions and probation, Weintrager, Westboro, and Ashbury.

JOSE SANCHEZ

After two years at Ashbury, both as a border and a day student, I can definitely say I preferred being a day student. Oh, I don't mind the flexible schedules, warm hospitality of some staff and the exquisite cuisine at boarding . . . but then again. However, a good side of boarding life is that you can be around people you like all day (and people you don't like!). Even though I've had some great times, I'm looking forward to university. My name is Jose, remember my name, someday you will worship the ground I walk on. My name is Jose, don't mess with the best or you'll die like the rest. My name is Jose, beware, you better be scared. My name is Jose, I am a lion, hear me roar, RRROOOAAARRR!!! Thanx to all.

SEAN SANDLER

Oh! Where to start. I can't believe I have gotten through four years of boarding, at Ashbury, I still remember my first day, but now it's over. Thanx to all my roommates JR, RA, PM, MS, NB, DC, JS. Thanx to all my friends. Thanx to my 2 favorite teachers IHD and PGM, and all the rest. A BIG thanx to Peter Hind and the Schinke's. No thanx to the Canadiens and the Expos for causing me to lose years of sleep. I have had many unforgettable experiences in boarding: screaming and sleep walking roommates (JR, RA), running 2 1/2 at 6:00 a.m. with Mr. Anderson following in a car, 11:00 p.m. block jogs (10x) with Mr. Anderson hiding in all the shortcuts, roommates up at 5:00 a.m. (JS), roommates leaving the room in the middle of the night to sleep somewhere else (NB). To Jenn, who so much wanted to mentioned, thanx Jenn. Good luck to my little brother Todd. Lastly thanx Mom and Dad, you made it all possible, thanx for believing in me.

TARA STORY

Hey there! I know in my mind I have placed some witty remark or experience that will sum up my existence in High School, but as usual I LOST IT! Thank-you friends and family for putting up with my shiver induced, sunflower eating, no sense of direction, absent minded, sticking my tongue out in mirror ways. I'm gonna miss all my Breeze-way Buds. The Girls, "State your presence, Scan the room, Pick your man, and Reel him in!" Vimi and Son "Come on guys raise a little hell", Beth and Linnea my new found Kanata buds, Nads "Anthony Reunion", Tash "Don't mess with my car". The Boyz, Bill and Kurt. Horshack you made my first few years bearable. Jesus your water fowl will miss you. Al. save me a rocking chair next to yours. I will never forget Theatre Ashbury and all the great experiences and friends it has given me. Last but not least, Mom and Dad I love you both, thank-you for everything. G'Day

MICHAEL STUBBING

When I first came to Ashbury I'd never been here before. Now I come here a lot. Thanks to: Shany (for manning the cockpit), Mike (for getting your palm read), Jon (for 'homecoming'), Zach (for the staff meetings), Nate (for hitting the batsman), Andrew (for adjusting your set), Darce (for sending out the troops), Julio (for snake charming - Guatemalan style), Dave (for playing the pipe organ), Chris (for his rising poll), Brad (for roughing up the suspect), Jesse (for spearfishing), Andrea N. (for the stimulation) and the people of the breezeway (for my dishonorable discharge). I'd also like to thank my foster parents, my producer, Stephanie Seymour (for that epicurean night), MS, KDN, RJC, RJZ, MRM, JK, GOJ, ISM.

MIKE SULLIVAN

Over the last 8 years, this school has given me the opportunity to experience so many things I would have otherwise never had the chance to. It is because of this that I have discovered much about myself as a person and my potential. I owe much of my success to my teachers and the other members of staff who have given me their support. In particular thanks to JHH MAP, OV. A special thanks to CCD, GRV, JK, MEJ and NJ who have been instrumental in making my last year a success. It was nice to know that their doors were always open. The amount of time I spent at Ashbury was quite substantial but fraught with great memories including trips to Toronto, Montreal, Mexico, D.R., TJ's and Alan's Pork Palace to name only a few. Life at school was never dull and I thank all my friends for all the special memories and for making my stay enjoyable. We'll all get together at TJ's in the future and help ourselves to the world's finest peanuts. Finally to my lifelong TV Party Associates: Here's to fierce TV Parties, great music, the great D. Boon and the fui years. Here's to many more years of the same. This is what Deaner was talking about. Don't forget to mark TJ's on your calendar. Best Wishes.

MICHEL THEODAS

Coming here from Singapore in 1992 created a whole new life for me, totally different from what I had become used to back home. My three years at Ashbury have been an unforgettable experience. Some things worth remembering: Driving license, My Civic, Zouk, Singapore. Going down the hill, Crashing the car and that amazing replacement, Montreal and Toronto, Karaoke, though I hated it, Dennis's house, David Chang, Rapa Nui, Long ear, Short ear, EC, Dance Music. I definitely could not have made it through these three years without my brother, Jacques, and friends. I would especially like to thank Brian Cheng, Michael Lam, Bill Ho, and of course Dennis Ku, your house was my refuge. To all the other people and teachers, especially GGT, GRV, IHD thank you so much. And most importantly, I would like to thank my parents and guardians. It's been hard, but it's finally over.

"I have become comfortably numb . . ."

Life is like a dogsled if you're not the lead dog the view never changes, dogs are like an itch that won't go away until they bite you on the knee while you scream and cry and get kicked out of kindergarten class cause you can't stand still during O'Canada then Mom and Dad buy a yellow bike with purple streamers so you ride off to show your friend Trevor but you can't stop so you make a new friend with the brown fence at the end of the alley making good on the extra point over the handle bars. To those who have dug in with me over the years: Bengina and Dino (bitter boys), Breen (secret friend), Teixeira (my 3 Musketeer), Higgs (Bad moods), Jamie, Skim, Sly and Else. I love you lots Jessie. Anyways . . .

CATHERINE E. TINEO TANTAHUATAY

After being at Ashbury for 4 years it is hard for me to say 'Goodbye' to all the people who I have met. I would like to say 'Thanks' to all the people who have helped me to survive through the years at Ashbury and special thanks to: Nhon, Josie, Eleonora, Faty, Lisa, Maria L., Jenny, Sarah H., A.G. for always being there when I needed you guys the most. I would also like to say thanks to my teachers: O. Villareal, P. Carleton, D. Ford, J. Thomas, J. Valentine and Miss Cook for all the help. I will miss Ashbury, but life goes on and university will be a lot better. Good luck to everyone in the future and keep in touch. Tambien me gustaria agradecer a mis padres y a mi hermano por siempre ayudarme y por siempre estar a mi lado. Los Quiero mucho.

7 long years have come and gone. I never thought I'd make it, but I did and now it's over. I've made many great friends here, who I will always remember, you know who you are . . . thanks for the memories. But there are a few who I will never forget: the vortex boys, Mike D Jason H and Dan S. Also to Mike M Deanah S and Vanessa. Thanks to all of you. You mean a lot to me. Thanks also to the teachers who taught me over the past 7 years - especially to the ones who helped me get to where I am today, Mr. Napier, Mr. Deakin, Mr. Grainger and Mrs. K. I can never thank you enough And the biggest thanks, with my love, goes to my parents. Thank you so much for your faith in me, and for the opportunity that you have given me. Good Luck to everyone next year!!

Thank you all.

ANDREW WINTERBORN

My 2 years at Ashbury seem to have flown by. It doesn't seem possible that an innocent Mike Madden showed me around the school 3 years ago. Oh well life moves fast. I have learnt at Ashbury to duck when going through the boarders' common room, and that falling down stairs is painful!!! Boarding life has been a blast, something I will never forget. Let's play the noise game!! To my friends - I will miss you all. Thanks to: Nate, Jamie, Tom, Steve, Jenn, Shea, Mike X3, Zach, Chris, Xavier, Sean, and to my other friends for making my time at Ashbury so much fun. ANW.

JAMIE WISNIOWSKI

In ninth grade I already knew all the wicked things I would put in my grad write up. Now I can't think of a single thing to say, because there is so much to say. Nathaniel, Tommy, Floyd, Rob, Sexavier, Steve, Céline and Sarah, I love you so much. Mr. Simpson and the Theatre Ashbury gang, you are an acquired taste, very addictive and very delicious. All the people I don't have room to mention, it doesn't mean I'm not thinking of you. Thanx for everything, you've all got a special place in my heart. I won't forget you.

I still have so much more to say . . .

BRAD YIP

Two Years. One Conclusion. That is: Boarders rule! Special Thanks to Jon "JONEEE!" Rawlinson (GO!), Zachary "Zakpoos" Wells, Mike "Mike" Stubbing, Sean "Demetrius" David, Farah "Go Far-a" Blair, Nat "a-Tat" O'Neill and Kin (Florida '95 was awesome) and especially Dave Collacott. Nadia G., we had lots of fun, right?

The most important thank you of all goes to my girlfriend Chloé who has been there for me throughout my whole time at Ashbury. Chloé, I love you very much and will miss you. Also Thank you to Mr. and Mrs. Harwood for all the countless things they've done for me.

I also need to thank all of my teachers especially IHD and SKCG who had to put up with all my boarder antics although they never caught me for much, GRV, PC, DDL, MRM and Mr. Meeker. I'd also like to tell my parents, my brother and sister that I love them all and thank them for everything.

Alright 'nuff Said, I'm Gone!

ROWING

The fall Rowing program always has a good mixture of old and new faces. For the novices it is a question of learning the basics: how to carry the boat, understanding the coxswains commands, balancing the boat and how to pull the blade. For the experienced it is a few weeks of practise and then off to the head races. We made our usual trip to the head of the Trent and participated locally in the head of the Rideau. The races are long by rowing standards, two to three kilometers, and down a winding system of canals and/or river. Usually navigating the course is as much a challenge as winning. We rowed well, but since few or no crews are from high schools the usual win-loss record has no meaning. In the spring term, Jonathan Gormick showed a great competitive spirit rowing a single scull in three different competitions. In the single scull competition he won the Ottawa High School Regatta, came third in the Montreal High School Regatta and competed in the National Rowing competitions in St. Catharines. Also, in the coxed four race a crew consisting of Bryan Estabrooks, Jonathan Gormick, Chris Mitchell and Jordan Sweetnam came first in the Ottawa Rowing Regatta. Well done to all!

TAE KWON DO

On June 3rd, 1995 Ashbury sent 6 people to compete in the annual Tae E. Lee Cup Tournament at the University of Ottawa. These were Dennis Hui, Sean Yeh, Gina Bassett, Daniel Suh, Shamus Rask, and Mr. Zrudlo. The tournament draws people from the area bound by Montreal, Cornwall, Peterborough, and Pembroke. There are always hundreds of TKO competitors. Dennis Hui was our top competitor, winning gold in the pattern competition and bronze in sparring. Gina Bassett won gold in patterns, and Sean Yeh silver in sparring. A good time was had by all. In addition, a contingent of Ashbury students led the parade for the opening ceremonies which was taped for television.

CORRECTION to the 1993/94 Ashburian:

SUJEET ACHARYA's name was omitted as co-recipient of the Coulson Trophy for Community Service.

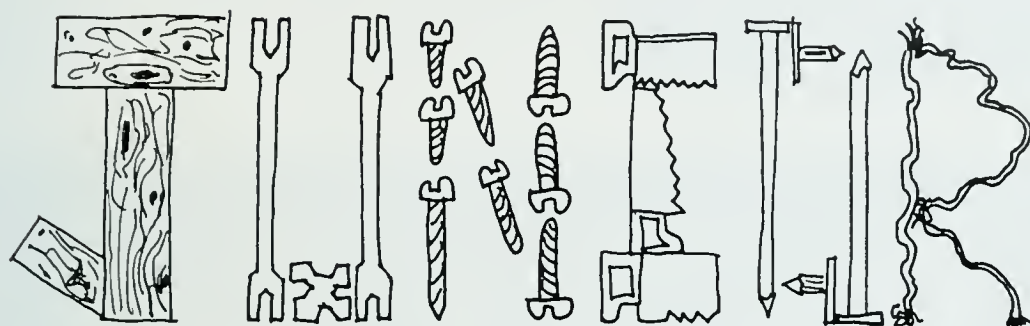

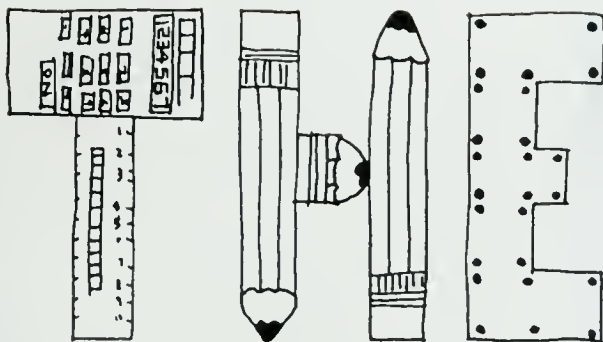

YEARBOOK STAFF

This year's yearbook staff was a myriad of new faces and old, a veritable melange of students with different levels of experience, commitment and sanity. This combination of people and things from all over the school, which coincidentally resembles some of our layouts, provided a forum where many opinions were *expressed* and hence, many hours were spent resolving conflicts - not all of them yearbook related. [Ivan vs Meenal: the battle of the sexes!] The year began with a meeting to fill positions and give *titles* to students working on *The Ashburian*. With the leadership of Mrs. Ford - the voice of reason, and veterans like Meenal "the ever-present", Puranik, and Nicholas "Andre" Kellett, yearbook rookies gained vital training and confidence. (??)

Having somehow made the first deadline, we began to relax till we realized that there was little time to collect, edit and sometimes re-edit all 102 grad write-ups. For this task we needed someone who was organized and could get things done. Someone who could grab the *bull* by the horns and throw some of it himself. This of course being the one and the only Laurent "Leopold's disciple" Bartleman. We made this deadline by half an hour. 'Nuff said.

Other (bitter) sweet memories include the "grail", many late nights, searching for printable Outdoor Ed. photos, stealing Junior school croppers, pizza & the pizza boy, jump-starting cars down the hill, and working *after* Closing Day. Special thanks to Nhon Barbeau, Masquel Lasserre and our cavalier photographer Cherry. (I'm not angry at you) Good luck to next year's group and long may you run - from the next deadline. - Sujeet Scissorhands

FOREMAN'S MESSAGE

As an educator I have watched the seasons of the school year come and go in 5 schools in 2 countries. The best image I can conjure for our situation, for our dilemma, as educators, is that of a gardener. While he (or she) has his plan for all that is to flourish in the spring and summer and works towards it, he knows that some of his plants will inexplicably never appear. He knows that most will come as planned. He knows there will be surprises, when something not planted appears where he did not expect it. At the end of the year things come to fruition and finally disappear, never exactly as he planned them. By then he's thinking of the next year. Increasingly I think of school like this. Something planted so carefully one year, failed completely the following and so you start all over again the next. I do believe in Voltaire's musing about cultivating one's own garden. I presume he intended us to comprehend the disappointments as well as the triumphs of the gardener. As the gardener operates with the unpredictability of nature, so we operate with the unpredictability of human nature. And just as the gardener thrives in his yard so do we in ours, despite any well-laid plans awry.

ARCHITECTS' MESSAGE

This is the last year Mr. King is working on the yearbook. We would like to thank Mr. King for the past three years working on this extensive and difficult project.

This year we hope we have produced a fairly comical and interesting yearbook. We are trying to deviate from the standard yearbook format and hope to make this annual edition of the Asburian a much more amusing account of the year's past events.

STUNNING EVENTS

ST. DONAT 1995

Pour la première fois en plusieurs années, il ne faisait pas - 35 c.! Au contraire, il faisait un temps plutôt pluvieux lorsque les élèves de la 7^e année ont quitté Ottawa le 15 janvier 1995. Mais malgré la pluie, les étudiants d'Ashbury ont montré qu'ils étaient loin d'être des poules mouillées!

C'est avec beaucoup d'enthousiasme que les élèves ont pleinement participé aux diverses activités et ateliers, tous reliés au thème "Les Légendes". Ashbury a pu mieux comprendre la légende des Chutes Darwin, ainsi que d'autres bien connues, par exemple: la Chasse-Galerie, le Violon Magique, etc. En assistant à de nombreuses activités telles que: la chasse au trésor/sondage, l'art dramatique, les présentations, les jeux et la musique, les élèves ont découvert davantage l'univers merveilleux des légendes.

Une fois que la pluie a cessé, les élèves ont pu recevoir des leçons de ski avec les moniteurs qualifiés du Mont Garceau. Les élèves ont aimé les conditions de ski qui ressemblaient à celles du printemps!

Comme toujours, ce séjour linguistique et de ski a été une expérience enrichissante et inoubliable! Permettez-moi de terminer en citant un élève "Speaking in French is fun!"

UNITED WAY RUN

"Remember, this is for charity" was the slogan for the United Way Run this year. All of us had our fingers crossed for the morning, hoping that the sky would clear, but by lunch, we knew that we would have to run in the rain.

However, the heavy drizzle did not dampen the spirits of the students from Ashbury and Elmwood. As usual Mr. Humpherys continued to break records in his persistent fundraising (\$2,834), as many Sr. School students (409) will admit. On the whole the Jr. School raised \$4,950.25 in contributions from parents and friends. All runners were thankful for the food and drinks at the finish line, served by Mr. Merrit and Mrs. Wilgress.

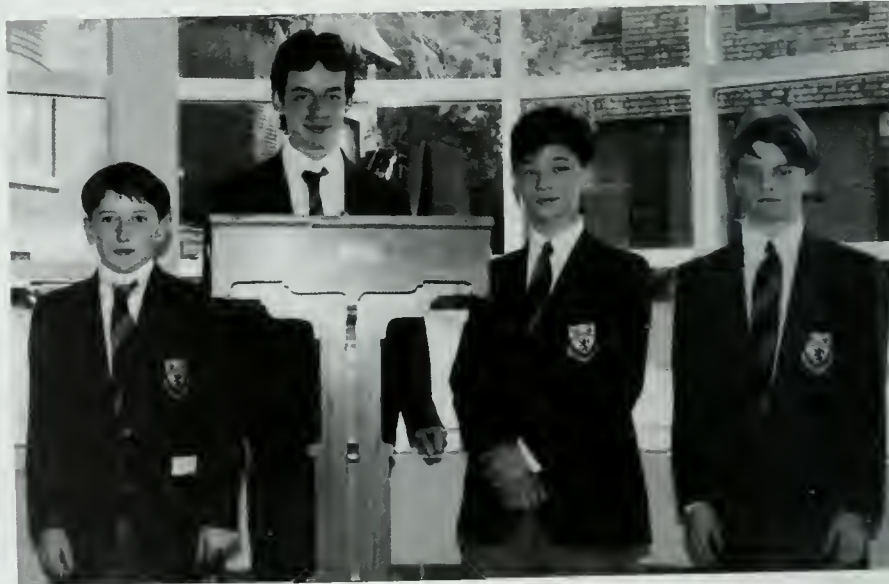

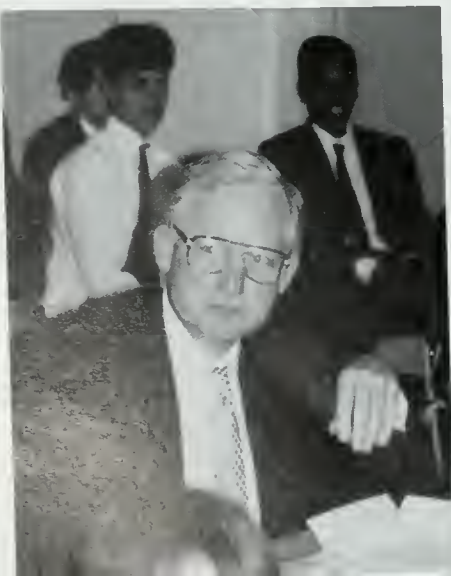

PUBLIC SPEAKING

This year's public speaking competition was quite well done by all its participants. There was a wide variety of amusing speeches, ranging from cottages, to Viking gods, all of which gave the judge, Mr. Penton, a hard task. Neil Williams, a student from 7M, won the competition with his personal speech on his grandmother, who is suffering from Alzheimer's disease. We would like to congratulate Neil Williams, Andrew Nicolson (second place), and both Reid Adrian and Alastair Cheng (tied for third place). As well, we would like to thank Mr. Penton for judging the competition, Mrs. Lahey for organizing the event, and all the teachers who judged the class competitions and made this event possible.

HOUSE MUSIC

The House Music Competition this year was very strong. From the exciting piano solos, to the astounding group performances, we were all entertained throughout the concert. The vocal solos were well done, and all of the houses displayed their various talents. Mr. Armstrong, the school's trumpet and trombone teacher, judged this years competition. We all had a good time watching the intermission shows, especially the air band depicting the Beatles.

On behalf of the performers, and the rest of the Junior School, I would like to thank Mr. Merritt for organizing the event, Mr. Armstrong for taking the time out of his day to judge our performances, and finally the House Organizers for arranging the performers.

POETRY COMPETITION

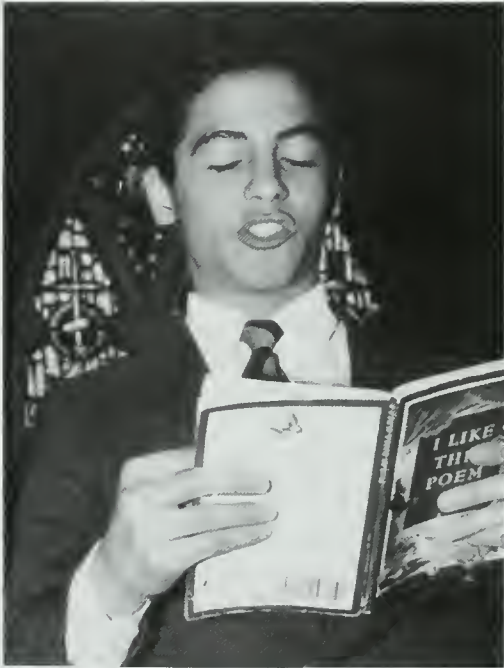

The Junior School's annual Poetry Reading Competition was held on Thursday, March 9th, and proved to be a most entertaining way of bringing the Winter Term to a close.

Twelve students from grades 7 and 8 (two from each class) presented one poem of their own choice and gave a performance of one hitherto unseen poem. The selections included several light, amusing poems, Henley's heroic "Invictus", a Langston Hughes poem about poverty in the city, and a powerful description of the scene surrounding a dying patient in hospital.

We were fortunate to have as adjudicator, Ms. Kelly Cook, who teaches Senior School English, and is the first female graduate to return to Ashbury to join the faculty.

Ms. Cook commended all of the participants for the high quality of their readings and selected for third place Jason Richards, second place, Alastair Cheng, and to win the poetry Reading Shield, Josef Malonzo.

WINTER OLYMPICS

In the closest Olympics yet, the Wizards pulled the victory out of the fire with a marathon win in the four corner tug. A dragon win in this grueling event would have landed the much coveted crown in the Dragons' lair. The Wizards did not dominate the Olympics, winning only two events, but were consistent in all events, finishing second in four.

The hockey final was a barn-burner, featuring the favored Wizards against the Dragons in a sudden death overtime classic. The flaming Dragons prevailed, leading to the gargantuan tug of war.

Basketball was equally exciting, with the Wizards weaving their magic over the Dragons in the two minute overtime.

Last year's winners, the Hobbits, finished first in three events, but were unable to duplicate their quiet domination of last year's event.

The Goblins are in a rebuilding year, and while their hockey, ping pong and squash teams were competitive, their close fourth place finish is the latest in a series of sub par finishes for this usually powerful house.

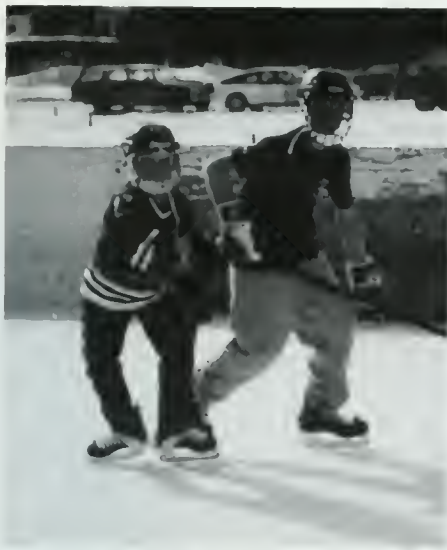

"Next year is our year," Goblin Guru, Jim Humphries was heard to trumpet, "they don't stand a chance!"

By: Mr. G. Valentine

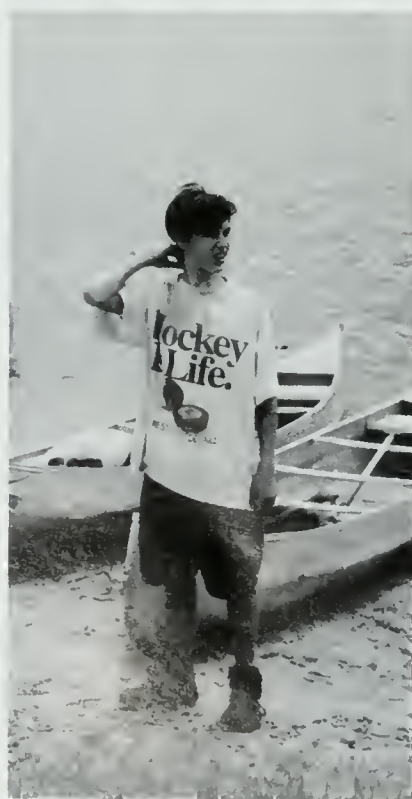

On behalf of the Junior School we would like to thank Mr. Valentine and the organizing committee for the outstanding Winter Olympics.

This year was a very successful season for the Under 14 soccer team. Our season commenced with our annual tournament at Bishop's College School in Lennoxville, Quebec. On our way to B.C.S. we stopped at our regular restaurant "The Barby Barn" for a good feed of chicken and ribs.

Even though this was our first opportunity to play together as a team, we were successful in defeating L.C.C. in a shoot-out for the gold medal. We only had two goals against for the entire tournament!

Towards the closing of the season, we took part in the CAIS tournament at the Gloucester Hornet's Nest. Unfortunately we did not fair so well, losing in the quarter finals by one goal.

On behalf of the team, I would like to say thank you to Mr. Valentine and Mr. King for an outstanding season.

By: Chris Ruddy (8H)

This year, one of the most skilled U-13 soccer teams left Ottawa for a five day trip down to U.C.C. in Toronto for the annual U-13 tournament. We had a slight advantage leading into the tournament because we played two exhibition games against SJR and a team from England.

The team entered the tournament with great optimism to place well this year, but first we had to beat Halifax Grammar School. It was a tough game and ended in a tie. Next, we played a very tough team, St. Georges, Vancouver. Though it was a good effort, we ended up losing the game. We played one more game against U.C.C., but the home team proved to be a little lucky, edging us out one nothing. We didn't advance to the second round of the championship side, so it was impossible to claim first place. We played two more games and ended up winning one but losing the other. Overall we placed 5th, tying with a number of teams.

Unfortunately, more bad luck struck us when the Green Hornet broke down on the way home. We were forced to take the train back to Ottawa. On behalf of the whole U-13 soccer team, I would like to thank Mr. Valentine and Mr. King for a successful tournament.

By Hari Vaidyanathan (8P)

The Under 12 soccer team started the season off by hosting two teams from L.C.C. during our Open House. The Under 12 team was divided into two teams. The first game played was between L.C.C. I and Ashbury I. The two teams had a tough match. L.C.C. was winning 3 to 2 when Ashbury got a late goal with five minutes left. At the end of the game the score was tied at 3. L.C.C. II defeated Ashbury II, 4 to 3. The afternoon matches saw Ashbury I defeat L.C.C. II by a score of 5 to 0, and Ashbury II tied L.C.C. I 4 to 4.

The last tournament of the season was played at L.C.C. in Montreal. Mr. Valentine happened to be sick at the time, so Mr. Humphreys had to drive us down. The first game we played against Selwyn House II. During our game the fire alarm went off in the school. The school came out and we had to delay our game for a little while. The final score was Ashbury 3 and Selwyn House 0. Next we played L.C.C. II and beat them 4 to 0. Right after the game we played L.C.C. I and defeated them 3 to 1. Our final match of the day was against Selwyn House I, we lost a tight match to them 1 to 0. However, our record in these preliminary rounds were good enough to place us in the finals against Selwyn House I. In the final game we won 1 to 0 with Ian Rutherford scoring the lone Ashbury goal.

A special thanks to Mr. Humphreys who drove us to Montreal and Mr. Service for his coaching efforts. The team would also like to extend a sincere thank you to Mr. Valentine for a terrific season.

By: Philip Brunst (6M)

During the course of this season the under 14 basketball team had many different outcomes during our games. As always the team worked hard and each game we had was very close. Many of our games came down to last minute shots. In some cases we were lucky and in others we were not. In a discouraging regular season we were not able to make the playoffs. Our overall record including tournaments was 8-8. But winning is not everything, it is how you play the game that counts.

Disappointed with our season, we entered a tournament at Ashbury. Here, we won our first game against U.C.C. in double-overtime. Then we beat L.C.C. by 13 points. Against Leo D'Cote in the final game, we played hard and eventually lost by two points.

I am sure everybody had lots of fun and learned a lot about the game. On behalf of the team, we would like to thank Mr. Street and Mr. Merritt for all the time and dedication they put forward towards the team.

For the Under 12 Basketball team, the '94-'95 season was very challenging. We were very lucky to manage three tournaments, at Selwyn House, at U.C.C. and at L.C.C. At Selwyn, we faced some tough teams, and discouragingly, we lost all three games.

Fortunately, at the tournament in U.C.C., we brought along some extra players from the U-13 Team. Overall it was a good tournament, we played well, and came in 3rd. During this trip, we were fortunate enough to eat in the same restaurant as Doug Gilmour, and one of the kids touched him.

For the L.C.C. tournament, the U-12 team did not have the U-13 players, and distinguished themselves, by winning two of its three games.

The U-12 team would like to thank Mr. Merritt and Mr. Street, for coaching them to such a successful season, and for taking them on the trips.

On Wednesday, February 1st 1995, the "Ashbury Cavaliers" basketball team boarded Air Canada flight 113 to do battle at the 15th Annual Dragon Classic Basketball Tournament in Vancouver. Together with their coaches, Dragonmasters Street and Merritt, twelve brave cavaliers ventured forth to uphold their school's honour.

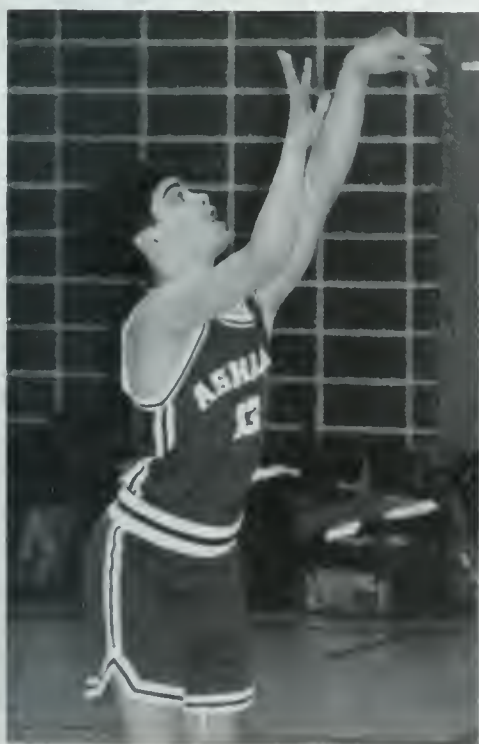

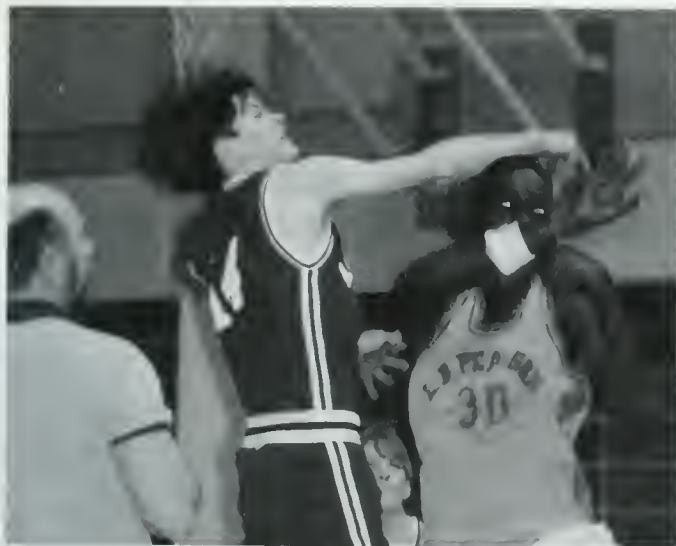

After winning an exhibition game against Crescent School, our first tournament game began. It was against the Strathcona-Tweedsmuir Spartans. The Cavaliers won . . . word spread . . . we were a force to be reckoned with. Our next opponents were the Royal St. Georges knights. Again we were victorious, word spread faster. Game three, against Glenlyon-Norfolk Roars, the Cavaliers, weary but determined, played on and made it three wins in a row.

The Ashbury Cavaliers won their semi-final against the Crescent Coyotes. Our hosts, the winners last year, and on home ground were determined to keep the title. The St. Georges Saints, urged on by a screaming, stamping crowd emerged victorious. The Ashbury Cavaliers played their hearts out. Richard Holliday was our M.V.P. and Greg Seppala was the tournament M.V.P. Next year the Sixteenth tournament will be here at Ashbury College. St. Georges Saints -- the Cavaliers will be waiting for you!

On behalf of the team I would like to thank Mr. Street and Mr. Merritt for their tireless effort coaching us all year. The trip to Vancouver, the people we met, the sights we saw, and the games we played have given us memories to share for a lifetime.

VANCOUVER TRIP

U-14 HOCKEY

This years hockey team was a strong group of players. We practiced every other day for an hour and were in good shape for the Pee-wee hockey tournament at Lower Canada College. Fourteen of the teams twenty players went down by bus on a Friday. That evening we played our first game against West-Luc and won 8-0. The following morning after a long night at our billets we played L.C.C. for a birth in the finals. We had some unfortunate luck and lost 4-1. That afternoon we played College Jean-Eudes for third place and won a hard fought match 5-3. Throughout the year Mr. King arranged a few exhibition games against house league teams from around the city. One Saturday morning in February twelve of the team's members left Ottawa at 7am for two exhibition games in Montreal. The team had a successful day as they beat L.C.C. 7-5 and Selwyn House 11-0. On our return we passed McDonalds twice but were still denied food! On behalf of the team I would like to thank Mr. King and Mr. Valentine who did a lot of work to help the team have such a successful season.

U-14 VOLLEYBALL

"Get up at the net we're serving!"
"Get the ball! Don't bump it!"
"Why do I have to tell you every single time?"

These are the phrases that our coaches, Mr. Service and Ms. Lewicki, used as our season progressed. During the course of the season the team played six regular season games and three games in the playoffs. This team was the first volleyball team the Junior School has had for more than a decade. The team finished an impressive second and got to the finals of our division. We were not the greatest team at the start, but the coaches kept trying and we made a big improvement.

SUMMER OLYMPICS

Inter-house Summer Olympics consisted of four events. These events included beach volleyball (minus the beach), baseball, seven-a-side rugby, and tennis.

The final results indicated balance among the four houses. There was a difference of eight points between fourth and first. The wizards won the Summer Olympics with a total of thirty points, dominating volleyball and baseball. The dragons placed second with a total of twenty-five points, winning the seven-a-side rugby. Third place was held down by the mighty hobbits, who dominated singles and doubles in tennis. The goblins placed fourth with a total of twenty-two points. Two seconds were attained in baseball and tennis.

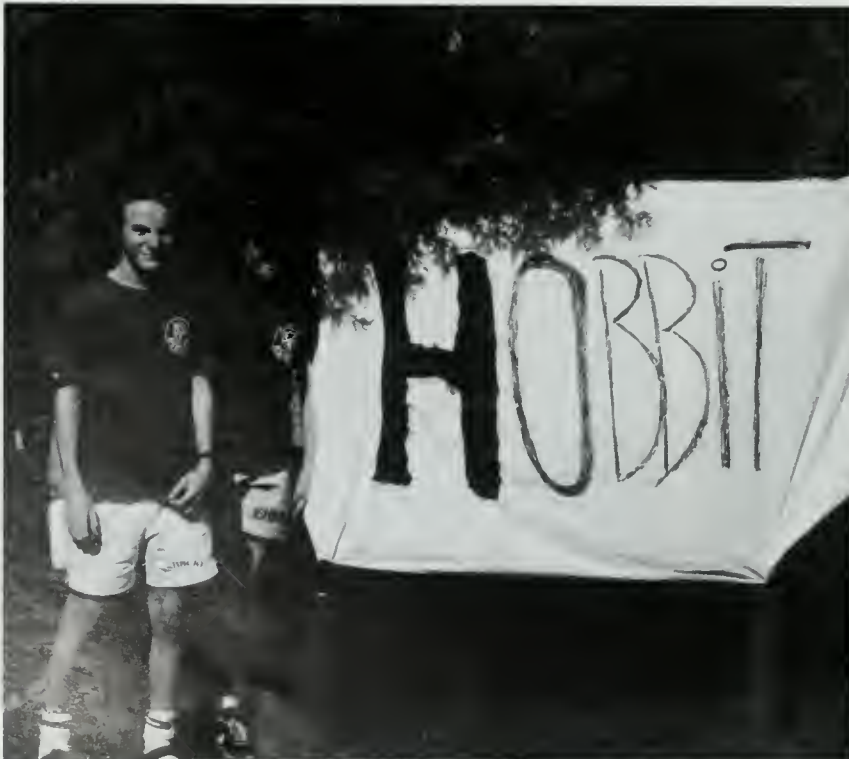

A good time was enjoyed by all. I would like to take this opportunity once again to thank Mr. V. for organizing the Summer Olympics.

Burns

I don't think I shall ever see,
Some burns as bad as third degree.

I heard of burns on one lady,
Caused by McDonald's hot coffee.

Burns by touching red-hot tin.
Can cause the charring of the skin.

You also must be very lame,
To be obsessed with open flame.

It's sad that to destroy a tire,
We must burn it in a fire.

In the ancient city called Pompeii,
Burning lava spoiled the day.

Heartburn is another kind,
That comes to stomach, not to mind.

Some of these burns may happen to me,
But none of them the third degree.

General Mookifoot

General Mookifoot Icingworth cakes
Bought a smashed Buick without any brakes,
But someone or other forgot to declare
To General Moo that the brakes were not there!

So the very next day, he was taking a spin
And enjoying a bottle of fine british gin,
When the rustbucket, with a great leap in mid-air
Landed hood first and smashed down in Times Square

General Mookifoot put down his glass
and said "Oh my dear I've a pain in my . . .
But, I just can't conceive how it happened at all.
My Buick was squished so incredibly small"

At this General Mookifoot gave out a cry
And he said, with the steering wheel firm in his eye
"Oh by golly I haven't much room,"
And the car shuddered and belched out a KA-BOOM!!!

With pieces of Mookifoot picked off of the floor
Some paramedics opened the ambulance door
The General uttered his only request;
Go visit the dealer and pay him the rest

The down payment I gave him wasn't much cash
I don't want the dealer to do anything rash
And then with a smile that was hard to define
General Mookifoot died.

The Field Mouse

Scurrying around in the corn.
In the spring, many little ones are born.
Running through the crops everyday,
Skillfully avoiding being someone's prey.

Little, grey and hairy,
Their food, a kernal, a seed, or a berry.
Like the wind, extremely quick,
From field to field fast and slick.

Few friends, they can trust.
Farmers treat them with disgust.
Elephants fear them, so I'm told.
Little they, but they must be bold.

Keep it away from the house.
Keep it away, that annoying little mouse.
Spreading diseases, that little rodent.
Watch out, it can be potent.
For scientific use.
Some consider this abuse.

At the pet shop, they can be found.
Much cheaper than buying a hound.
Kibbles'n'Bits, you will not need.
What he'll eat is anything you'll feed.

Now, for the good side, they're cute and small.
You couldn't even see them, walking down a hall.
Friendly little creatures, they can be.
So always treat them with love and glee.

Whispers

I can hear the soft,
gentle whisper of the wind.
Slowly, it creeps through
the cracks between the branches
of a tall, dark oak tree.

As I walk through the
large, empty forest in the
dark, all the trees seem to
come to life and play their
major role in life: to scare
the little kid in me at night.

The Emotions Were Rising

The Masters golf tournament
hosted in Augusta,
a week of playing heaven
some players said
The emotions were rising.

On Wednesday, a loss of a very good friend
And also a coach to love
and of course the man they called Crenshaw
The emotions were rising.

On Thursday, it started with Love out on top
With Crenshaw, the shark, and Nicholas
all trailing
The emotions were rising.

On Friday, Saturday, and Sunday
It all belonged to the man they
called Crenshaw, and he was doing it all
for his beloved friend
The emotions were rising.

A thrilling win at 14 under par
for Crenshaw had won and devoted it all
To the fifteenth club in his bag
The man they called Harvey, Harvey Penich
The emotions had risen!!

The Peace Song

A world without war, what a wonderful phrase.
A world without war, its what we should praise.
It means no worries, for the rest of your days.
A world without war, a world without war.
We shouldn't die, no not anymore.

L'ours polaire

Dans le grand nord, un gros ours polaire
possédait une fourrure très chère.

Mais, il n'aurait guère pensé
Que des chasseurs pressés,
Aurait voulu le tuer
Pour sa belle fourrure soignée.

Les inuits aussi
Aimaient sa belle fourrure.
C'était comme une parrure
Dont ils s'étaient épris.

L'ours ne pouvait marcher
Sans se faire chasser.

Et par les Blancs et par les inuits
Ces gens étaient la source de tous ses
maux.

Il était malheureux
De se sentir peureux.

Il alla donc à Chicago
Pour aller vivre dans un zoo.

I trudged down the path
my boots crunching
in the newly hardened snow
birds sang around me
they called out to me
a Jay, two chickadees,
a group of cardinals, and a Grosbeak.
I saw the entrance
The green mixed with the white
a natural contrast
a deer was scraping some bark
two chipmunks raced
across the clearing
a squirrel munched on a nut
I was there
my heaven
the winter world.

novel "OLIVER TWIST"

The Story of Saltina (an excerpt)

Two days passed and the ship finally made it to the island where the great war was going to happen. This war would be so big, that Mars, the war god himself, would be watching over it. The ship anchored at land and troops began to set up camp. Saltina was unhappy on the ship and wanted to see more of the outer world. She began to walk around as if she were under water swimming in the coral reefs, for she had no idea what war was. Mars, who was eagerly awaiting the battle, noticed Saltina roaming what would soon be the most bloody battlefield. Mars was swept off his feet by the beauty of Saltina. He ran over to her at once and captured Saltina for his own. For this was the way he'd always done things. By now, Neptune had noticed that she was gone and was taken prisoner by Mars. Neptune was furious. He demanded that Mars let her go for too much exposure to the outside world would kill her and if Mars refused to hand her back then Neptune would stop all wars in the ocean. Mars couldn't refuse because the wars in the ocean were sixty-five percent of all wars because there was more water than land. Eventually Mars decided to release Saltina. But it was too late. Saltina was very sick and weak. In fact, only two weeks after she was returned, she died.

Her ashes were spread all over the ocean, which gave it a different taste than it had been before. So Neptune named all the new water, salt water after Saltina, and that is why to this day all the oceans are undrinkable.

The Disaster Site

the piercing sound of sirens
travel through the disastrous city

the raging fires
spread through the rubble
destroying everything and anything
its awesome force terrorizing the city

panic stricken people
are running to and fro
searching for family and friends
dig through the filthy rubble desperately

children are crying
calling for their parents
to only hear the sounds
of other people mourning
and praying to God for help

the red and white helicopters
are buzzing above
like bees
searching for a clearing
in the miles of blazing fires

A Minute At The Movies

As the hero runs across the field, he is quick to dodge all the bullets which are just missing him by centimeters. Oh no, a rocket launcher is aimed at our hero, but in the nick of time he is able to dodge the blast by diving into a pile of freshly shot bodies. As quick as a flash, he retaliates with not one, but two deadly assault rifles. A line of trained mercenaries get picked off one by one as our hero slowly advances towards his goal. By some weird coincidence he drops both of his weapons at once and is forced to finish off the last twenty men with his bare hands. With seconds remaining, he disarms the atomic bomb and frees his daughter. At last they are united.

The End

What a great ending to such a crappy movie. Good thing I paid 4.50 to see Steven Segal kill off an army of 5000 men who were guarding their terrorist leader. Two hours of my life I will never get back.

the thaw came
it melted the snow
the rivers swelled
buds appeared
the birds came back
hibernation was over
it was spring
and then came the rain

it got hot
the rivers shrank
the rain stopped
leaves withered
it was summer
the winds started

it got cold
the wind got stronger
the leaves turned color
the animals stocked up
the birds flew south
the water got colder
it was fall
the frosts came

it got freezing
the sun was less and less
the days grew shorter
the snow fell the rivers iced
the plows came
the animals hibernated
it was winter
then came the thaw . . .

L'Hippopotame

L'hippopotame s'assied à sa table régulière,
Car, il avait très faim et il voulait manger.

Le meilleur serveur vint lui recevoir,
Car, il est leur meilleur client dans tout le beau port.

L'hippopotamene regarda même pas les nouveautés,
Car, il avait déjà commandé sa spécialité.

Les plats étaient arrivés,
Il avait commandé
du jambon,
du boeuf,
des pâtes,
du saumon
du riz,
du veau,
une salade César,
la soupe du jour,
et deux gros poulets.

Il bouffa son repas,
Et n'apas parlé jusqu'à ce qu'il ait terminé.
Il était de bonne humeur,
Jusqu'au moment, où il vit la facture
Il était brouillé de colère,
Car tout cela était tellement cher.

Il prit son manteau,
Déposa un chèque et partit.
C'était le même prix qu'avant,
Sauf il n'avait jamais regardé.

CANNIBAL ISLAND (excerpt)

We were on an exploring mission in uncharted waters in the South Pacific. Charles, Andrew and I, Lucas Wood, had just gone onshore to forage for food. We had sighted the little island early in the morning and now we settled down to eat the exotic fruits we had picked from the trees and shrubs. Suddenly, an arrow nicked Charles' ear. Two minutes later he was dead of the poison on the tip. Shaken, my companions and I buried our unfortunate friend. Then we walked on, rifles cocked. An arrow whizzed by my head and I quickly raised my rifle and fired. The shot rang out among the trees, followed by a scream and the rending of flesh as the cannibals, as we now assumed them to be, feasted on their dead companion. Then Andrew fired four shots in quick succession, the signal that we needed reinforcements.

Nocturnal Hunter

Glowing eyes in the night.
Hoping for prey to catch.
Waiting, spying, hungry.

SWOOP!
Killed and eaten.

Happy Owl.

Rushing through the sky
Scanning for the other fighter
The lonesome pilot finally views his adversary

As quickly as he found it
The jet vanished into a cloud
To then reappear behind him

As the same paranoid thought passed
through his mind
The warning light for an incoming missile
goes on
So he is unwillingly forced to leave his
craft

On one side a gently gliding parachute
And on the other, an immense fireball
Hurling down helpless until it hits the
ocean

His generic opponent, glad to soon have a
new kill decal
Had no idea what kind of inner torment
the pilot had
As he awaited the rescue helicopter

Midnight Ritual

The breeze runs swiftly through the night,
the moon shines proudly with delight.
The trees sway lightly as a wave,
the crumpled leaves drift to their grave.
The stars climb up into the sky,
the clouds retreat; float by and by.
The dark sets in while shadows grow,
the streams and rivers cease to flow.
The veil of night has well been worn,
for, by this time sunlight is torn.
The quiet speaks no word nor peep,
the time for lives to rest and sleep.

Les ancêtres de la vieille monde!

Un jour, ils sont partis,
Beaucoup de places, ils ont découvert,
Mais quand ils sont sortis du bateau,
Il n'y avait plus de gâteau!
Ils ont crié:
"on veut notre partie de notre gâteau favori!"
Mais, Vespucci Amerigo n'a pas oublié
qu'il a apporté du pâté.
Le trio a mangé,
Le trio a célébré
pour toute la journée!

Quand nous écrivons des poèmes souvent compliqués,
C'est difficile et c'est souvent noté.
On doit effacer et recommencer,
C'est bien du temps où on ne peut pas jouer.
Ca nous rend malheureux et enragé.

Les poèmes faciles à écrire,
Ne sont pas toujours bons à lire.
Il faut beaucoup d'énergie,
Et surtout un grand désir,
Pour savoir ce qu'il faut dire,
Afin que les gens les lisent
avec plaisir.

FEAR OF THE DARK

It looks at me although it's blind,
It whispers words into my mind.
It bites my skin with piercing cold,
It froze my blood: "move not!", it told.
It held my legs: relentless grip,
The fear set in, I thought I'd flip!
It smiled, it grinned, it teased, it vexed,
It held my throat - my voice left next.
The tears of dread covered my eyes,
It's heart of hearts: with refuted lies,
I tried to move, I tried to speak,
It told me I was frail and weak.
It's here, it's there, it's all around,
It rides on wind, it crawls on ground.
I know it's there, although not seen,
My sight goes black: I'm blind I mean!
I cannot see, I cannot hear!
My heart, a bottle: full of fear!
I'm in the midst of nameless fright!
The climax of this awful night.
flashes,
blur,
unawareness,
wake up!
cold sweat
Oh no . . . it's here

It covered the land with a thin layer of white
Warning us that winter is near
The wind stung me and whipped me until my blood froze
As if trying to tell me to get out of its way
The ground went hard and animals hid from the freezing wind
The plants withered and died
The frost told farmers to get prepared
The birds would soon fly south
Before the winter roamed the area
Snow clouds loomed in the distance
Getting nearer and nearer
One early morning I looked out the window
Fresh snow lay all over the lawn
Turning the land into a barren white desert
